

# HEDGEWEEK®

## GLOBAL DIGITAL ASSETS AWARDS 2025

Rewarding fund performance and service provider  
excellence in digital assets

Thursday, 5th June 2025 | etc. venues, County Hall, London

VOTE CLOSED

#HWAwards

## About

For more than a decade, Hedgeweek® has been recognising excellence in the fields of fund performance and service provision.

Applying this experience and expertise to cryptocurrency hedge funds, we have built one of the industry's most influential digital asset awards programmes – our winners selected by a mixture of allocator board, peer surveys, editorial expertise, and data analysis.

Each event is an opportunity for celebration, networking and, most importantly, recognition, attended by an exclusive list of 100+ C-suite leaders from the manager, allocator, and service provider communities.

At a time of great change and challenge for digital asset market participants, it's important to acknowledge the firms delivering value in this increasingly influential part of the industry.

### Why should you participate?

Make informed decisions, meet the best people, build the right relationships.

### For Investors

Find out which funds are outperforming across a range of AUM brackets, investment strategies, and geographies. Learn who's serving them most effectively.

### For Managers

Put yourself on the radar of keen investors and meet service providers that can help your business grow and scale up effectively.

### For Service Providers

Your chance to shine in front of the investor and manager community, while also tracking which firms and strategies are on the up.

## Service Provider Shortlist

We're excited to announce the 2025 service provider shortlist.

The winners will be announced at our exclusive drinks reception following the [Hedgeweek® Digital Assets Summit](#), on Thursday 5th June in London.

**Voting close Friday 11th April 2025**

### Algorithmic Trading Solution Provider of the Year
